

PUBLIC OPEN HOUSE

Our Future in Progress

Your Input Needed on Fifth Avenue Public Parking Garage

On city property between Fifth and Third avenues at the east end of Craftman's Court

The Fifth Avenue Parking Garage is one element of Scottsdale's comprehensive downtown parking program. The parking program's mission is to: Provide a coordinated, efficient and consistent program of maintenance, operations, planning and improvements to the city's parking system in a way that promotes and supports downtown Scottsdale's unique character and vitality.

Two major capital improvements are currently included in the parking program - a garage structure in the Old Town District at a location yet to be determined, and a structure in the 5th Avenue/Marshall Way Districts to be located between Third and Fifth Avenues just east of Craftman's Court. Each district project will provide a minimum of 250-350 additional parking spaces.

The parking program will introduce a pedestrian friendly environment at downtown parking facilities. Parking facilities will welcome users to Downtown Scottsdale and direct them to a variety of activity centers and destinations.

Join us for an open house on the Fifth Avenue Parking Garage April 17. Presented information will include:

- Downtown Parking Program overview
- Display boards for input on design, landscaping and amenities for the parking structure
- Rezoning request overview
- Fifth Avenue Public Parking Garage project timeline

The tentative public hearing schedule for the Fifth Avenue public parking structure includes a May 13 Planning Commission hearing and a June 16 City Council hearing. The Development Review Board hearing is tentatively scheduled for June 19. We look forward to hearing from you on this important project for Downtown Scottsdale.

Open House

Thursday, April 17

8 – 11 a.m.

and

4 to 6 p.m.

Downtown Storefront Office

7094 E. 5th Avenue,

just south of Madison's
